

# HLTAID009: Provide Cardiopulmonary Resuscitation Information Sheet

## Target Group

This unit is aimed at all workers who may be required to provide CPR, in a range of situations, including community and workplace settings.

## Entry Requirements

Nil. However, it is a requirement that participants must be able to perform uninterrupted CPR for at least 2 minutes on an adult resuscitation manikin and infant resuscitation manikin placed on the floor.

## Unit Description

This unit describes the skills and knowledge required to perform cardiopulmonary resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) Guidelines.

*The Australian Resuscitation Council recommends that **CPR should be updated annually.***

## Volume of Training and Mode of Delivery

The course duration is up to **2 hours** which consists of both theory and practical. Participants will be taken through realistic practical scenarios using adult and infant manikins.

## Course Cost

The cost of the course is \$44 (including GST). Course costs can be reduced if a workplace can organise a class of 15 participants or more. Contact Training Beyond 2000 for an onsite quote. Course costs include all materials necessary to undertake the course.

## Statement of Attainment Issued

Participants who successfully complete this Unit will be awarded a Statement of Attainment for:
