

HLT43021: Certificate IV in Allied Health Assistance Information Sheet

Target Group

Whilst this qualification is available to individuals from all industries, Training Beyond 2000 Pty Limited provides specialist training tailored to address the industry needs to providers operating within the Community Services and Health Industry.

Qualification Description

This qualification reflects the role of Allied Health Assistants who provide therapeutic and program related support to persons, in the health, aged care, disability and any other settings where Allied Health Professionals provide services.

Allied Health Assistants work under the delegation and supervision of Allied Health Professionals and assist in identifying circumstances and risks and report issues.

Supervision may be direct, indirect or remote and must occur within organisational requirements, according to the individual Allied Health Assistant's scope of practice and experience. They may be engaged to work in single discipline or multidisciplinary roles not limited to health, aged care or disability services and other settings and may also have responsibility for other allied health assistance workers according to their scope of practice.

To achieve this qualification, the participant must have completed at least **120 hours** of clinical placement as detailed in the Assessment Requirements of the units of competency.

Volume of Training and Mode of Delivery

This qualification is delivered by a blended learning model which involves a combination of instruction through the use of Zoom technology as well as on the job practical training and assessment.

The mode of delivery has been adopted after consultation with industry. The volume of training for this qualification has been determined after having regard to the requirements and complexity of the qualification, the likely profile of the typical participants and the mode of delivery. Having regard to these factors, the volume of training is considered sufficient to enable a participant to satisfy the requirements of the qualification and gain the specified requisite skills and knowledge.

All participants will be instructed and assessed on practical tasks in a workplace environment. The training and assessment will be delivered over a 6-to-12-month period.

A range of teaching and learning strategies will be used to deliver the competencies. These include:

- practical tasks;
- group work; and
- activities in a work environment.

Participants are also able to communicate with their trainer via email/telephone. Training Beyond 2000 Pty Ltd will ensure participants have every reasonable opportunity to complete their training qualification.

Course Cost

The participant may be eligible for government subsidised training under the NSW Government Smart and Skilled Program.

Participants who are not eligible to receive subsidised funding for this qualification will be able to enrol in this qualification for a total cost of \$5,000. A deposit of \$300 is required to secure your place in the course. Participants need to contact the Director of Training Beyond 2000 Pty Limited to work out a payment instalment plan.

Packaging Rules
